HALLOWEEN COSTUMES

an e-book by [www.pasazz.net](http://www.pasazz.net)

Dear curvy lady,

I am sure you know that finding plus size clothing that both fits well and is stylish, can often prove to be a little bit difficult. At times the style we are interested in is not available in our size; on the other hand, other times the clothes available in our size are simply boring and out-dated!

Thankfully, we plus size ladies now have a great number of choices available within very easy reach, through the many online stores that cater exclusively to plus size fashion.

Unfortunately, the search for plus size items can still prove to be difficult, when we are looking for specific and particular items... such as Halloween costumes!

Although a little more difficult to identify, there are still a lot of quality stores available online which carry a great selection of Halloween costumes in plus sizes.

This short e-book aims to provide you with a complete list of all the online stores where plus size costumes are available. Outlined are the best 20 stores, which are the cream of the crop. Also included are other sources which you can check out in the final pages.

My ultimate goal is to provide you with enough information, for you to find your perfect costume. This will definitely help make your Halloween a special, memorable... and spooky one!

I truly hope that you enjoy this e-book and find it useful! Feel free to pass this on to a friend.

Happy Halloween!

xx,

*Sassy Sarah*
