## **12. Secrets to Savings**

*(Find out how and when to save)*

Here are my top tips to guarantee you savings when shopping online...

1. **Search For Coupons**

Before hitting the checkout button, always run a quick Google search for coupon codes available for that particular store. You will find some might not work, but you will find those that do!

2. **Join the Curvy Coupon Club – it's FREE**

You can keep up to date with the latest coupon codes available at plus size clothing stores by subscribing to the Curvy Coupon Club – it's FREE to join, and they will send you updates when new coupons are available, as well as remind you of offers about to expire.

3. **Shop Around a Holidays**

Whether's it's President's Day, 4th of July, St Patrick's Day, Thanksgiving, etc, a lot of online store run massive discounts and sale around major holidays. So if you can hold on a bit longer before ordering, or a holiday is around the corner, wait for the offers to be announced... you could save quite some cash!

4. **End of the Month**

Some store tend to issue new coupon codes aruond towards the end of the month; that usually when most people receive their salaries you see. So if you notice a particular store regularly issues new coupons and sales around a similar time every month, why not wait for that time before shopping?

5. **Check Out The Sale Rack**

Might sound obvious, but some think you cannot find stylish seasonabl items in the sale rack. Wrong! Many store move items to the sale rack fairly quickly, so do make it a habit to check out the items on discount and on clearance.

## 13. BONUS: TOP Pick

*(My very favorite, and very affordable, pick...)*

Ok so this is one of my very favorite stores, which I had to share with you guys. I did not include it in any of the sections above, first because it carries a large variety of items so whether you're looking for lingerie or a party dress, you can find it in this store.

Secondly, I wanted to present this one to you on it's own because I wanted to highlight the savings you can make shopping at this store.

I'm talking about [Yours Clothing](#) – a UK based store, that ships worldwide at very competitive prices, and which specialize in sizes 14 to 32.

What it so great about Yours Clothing are two things, now actually three:

1. **Stylish New Items Added Frequently**

They add new items to their collections extremely frequently, and we're talking about stylish, trendy and fashion forward items. These are the things you see at the mall (or on the high street) that you cannot get in plus sizes. Yours Clothing carry these items in your size, and at lower prices.

2. **The Prices**

The prices you find at Yours Clothing are simply put hard to beat. If you want to keep on trend, but your budget it tight, this is the store for you.

3. **The Sales and Offers**

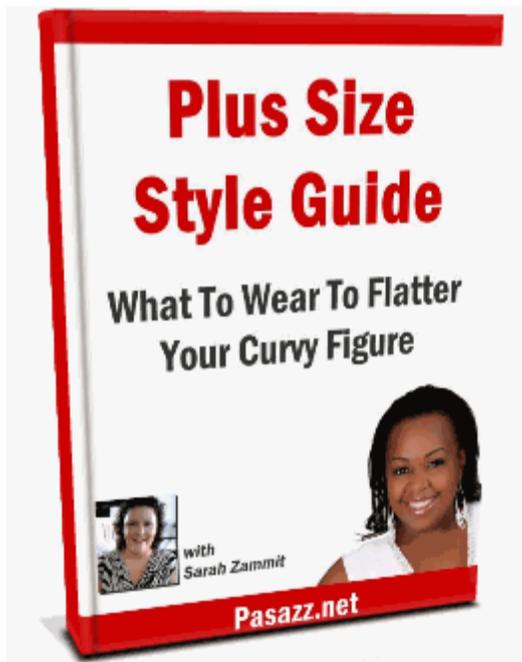

Yours Clothing runs sale very frequently, often knocking off prices of their clearance section by 20% or more. These sales run quite often, so do keep a look out for them at <http://www.pasazz.net/blog>. Besides the sales, they often have bundle offers running, so you can save when buying a selection of items together.

I wanted to point this particular store out to you because I genuinely think it is a gem. It is fairly new on the online plus size shopping scene, and many of you might not be familiar with it.

So now you are aware, and have to excuse! [Visit Yours Clothing today](#), and let me know what you think about their selection and prices.

You can easily get in touch with me [via the form on this page](#).
